Statehood Bill Remains an Obstacle to Ratifying Treaties.

SITUATION PUZZLES SENATORS.

Cuban Reciprocity Treaty Will Not Be Considered Until Panama Canal Measure Has Been Disposed Of.

Washington, Feb. 16.—The senate still finds itself burdened with the statehood bill, and while just as anxious to dispose of it in some way in order to proceed unimpeded with other business, it is not even as confident of being able to do so as at the beginning of last week. With only 14 working days of the session left, senators generally feel that the matter must be gotten out of the way, but when a suggestion of this kind is made the reply invariably is that, notwithstanding the statehood bill has held the right of way position practically during the entire session, there has been no lack of legislation and that all bills to which there has not been serious opposition have been passed, and that not a single appropriation bill has been delayed for a moment by the statehood bill. The feeling is none the less strong, however, that the statehood bill will be seriously in the way at the close of the session unless disposed of very soon.

Indeed, there is scarcely a senator who has not some measure which he desires to press, and all feel that the statehood bill may be in the way of consideration. Senator Quay, moreover, gave notice that he would insist on having the statehood bill taken up promptly after the close of routine morning business each day in order to cut off other measures.

Compromise Abandoned.

All thought of compromise on the statehood matter apparently has been abandoned, and no course except to fight it out now seems open. The Democrats have refused absolutely to accept a compromise which would link Arizona with New Mexico, and Senator Quay has decided not to make any agreement which would not be satisfactory to his allies. His intention, therefore, is to "stay with the bill to the end," and the question now awaiting his decision is whether or not to adopt the bold and hazardous course of pressing the measure as a rider or amendment to one of the appropriation bills, it being conceded some friends of the statehood bill will not carry their support to the length of voting to attach it to a supply bill. It is now quite definitely decided to use the postoffice appropriation bill as the vehicle for carrying the statehood bill, provided the senate shows a willingness to put the measure on one of the appropriation bills.

It is expected that the postoffice bill, as amended by including the statehood proposition, will be reported to the senate on Tuesday or Wednesday, and Senator Mason, chairman of the postoffice committee, announces that it is his purpose to ask for almost immediate consideration. When the statehood amendment is reached the critical test is likely to come.

Delays Action on Treaties.

The chief supporters of the two important treaties now before the senate, the Panama canal treaty and the Cuban reciprocity treaty, are greatly puzzled over the situation. The statehood bill stands squarely across their respective pathways. After allowing a day for consideration of the Panama treaty, Senator Quay has declined to yield any more time, and as a consequence Senator Cullom, who is in charge of both treaties, finds the end of the senate approaching without seeing his way clear to get either treaty ratified. The one day given to the Panama treaty has served merely to demonstrate that it will require considerable time to secure action on it. After Senator Morgan had talked most of the day Thursday last, he told some of his senatorial friends that he had only begun his discourse, and it was made evident that there would be sufficient opposition on the part of other senators to prevent the success of the treaty by the mere physical exhaustion of the Alabama senator.

The present purpose is not to attempt to take up the Cuban treaty until the Panama treaty is out of the way. Most of the Democratic senators and two or three Republican senators will vote against the Cuban agreement, but if a vote can be reached it is believed that it will be ratified.

Held on Thirty-Seven Charges.

Guthrie, O. T., Feb. 16.—E. V. Smith has been placed under arrest at Foss, O. T., at the request of Waco (Tex.) authorities, where, it is charged, he is under 37 indictments for various crimes. He is being held pending the arrival of requisition papers.

FARM NEWS AND VIEWS.

Pruning Grape Vines—Fattening Stock For Market.

[Exchange.]

The winter is the time to prune grape vines, and it should not be delayed, as they cannot be cut back with safety after spring opens. Vines put out last spring may be cut back to three eyes and older vines may have their new wood cut back to six or eight buds.

Clover hay contains 15.3 pounds water in 100 pounds, 6.3 pounds ash, 12.3 pounds protein, 24.8 pounds fiber, 38.1 pounds starch and 3.3 pounds fat. Cow-pea hay contains 10.7 pounds water in 100 pounds, 7.5 pounds ash, 16.6 pounds protein, 20.1 pounds fiber, 42.2 pounds starch and 2.9 pounds fat. Cow-pea hay, therefore, contains less water and fiber and a little less fat than clover hay, but contains more ash (mineral matter), protein, starch. The comparison shows that cow-pea hay is superior to clover hay as food. The amount of water depends on the curing, as also quality, and it may be added that no two samples will analyze exactly alike, but the above is about what the two hays contain of the different substances necessary in their composition.

Weight is the main object of the farmer in fattening stock for market, and this weight is easiest obtained by feeding corn, in order to produce fat. Farmers have long been taught by experience that fat is a desirable quality, and that it adds to the attractiveness of a carcass on the stall. It has been demonstrated at the experiment stations, however, that the weight can be secured at less cost, with a greater proportion of lean interspersed with the fat, by feeding a more nitrogenous ration, which means that, in addition to a liberal supply of corn, an animal should receive a variety of food that is not so rich in oil, starch and sugar as corn. This fact is worthy of consideration.

Do not wait too long before beginning to spray to destroy insects and parasites. It is the early work that is the most effective.

KENTUCKY COAL.

Big Increase in the Output Last Year Which Was the Greatest in the History of the State.

The coal output of Kentucky during the last year was the greatest in the history of the State. C. J. Norwood, Chief Inspector of Mines, has made the following report:

"The output of the commercial coal mines of Kentucky for the calendar year 1902 amounted to 6,421,266 short tons, which was an increase of 1,096,554 tons over the production of 1901. This is the greatest output, and the largest increase within a single year, in the history of the State. Although we may be disposed to congratulate ourselves on this showing, it does not in fact indicate such progress in the production of coal in Kentucky as should be the case. Notwithstanding the abundance, the great excellence, and the uniquely favorable location of our coal beds with reference to use for industrial establishments, and notwithstanding our wealth of mineral things upon which to found and sustain such establishments, we have been eighteen years in increasing our coal output from 1,550,000 tons (1884) to somewhat less than 6,500,000 in 1902.

DISREPUTABLE SALOONS

Blamed by Wholesale Liquor Dealers For "Carnival of Crime" in Louisville.

LOUISVILLE, KY., February 11.—At a meeting of wholesale liquor dealers and distillers, held at the Galt House, a resolution was adopted stating that "the carnival of crime," which recently has held sway in Louisville, is due largely to a few disreputable saloons, and expressing hostility toward every saloon conducted in violation of the law.

The President of the National Wholesale Liquor Dealers is instructed to prepare a model license law for submission to the Legislatures of the various States to the end that improper persons may not be licensed to retail liquors.

Made Rich by Patent.

WHEELING, W. VA., Feb. 12.—Yesterday Charles L. Sandford was a collector for a furniture company, on a salary of \$12 a week. To-day he has \$50,000 cash and royalty rights that will net him \$100 a day. He invented a method by which burnt-out electric lights may be replenished cheaply and almost instantaneously. An Eastern syndicate has taken the patent.

Jesse H. Norton and Miss Lida Lee Parker, of Nicholas County, were married in Cincinnati Saturday.

LAWS SATISFACTORY.

Attorney General States Anti-Trust Measure Suits Administration.

CAN INVESTIGATE CORPORATIONS.

New Department of Commerce Believed to Be Clothed With Sufficient Power to Correct the Evils of Monopolies.

Washington, Feb. 16.—Attorney General Knox, who is known to have prepared the important features of the anti-trust bills now enacted into law, on being asked as to how they were regarded by the administration said: "The legislation affecting the trusts passed at this session of congress is satisfactory to the administration, and the prompt response to the president's requests is highly gratifying. A very long stride in advance has been accomplished and the promises of last fall have been made good. The giving and taking of railroad rebates is now prohibited by a law capable of effective enforcement against corporations as well as individuals, and the courts of the United States are clothed with jurisdiction to restrain and punish violations.

"The act creating the department of commerce vests in that department complete authority to investigate the organization and business methods of corporations engaged in interstate and foreign commerce, and to that end to compel the testimony of persons having the desired knowledge. The legislation is concise in its terms, but very comprehensive in its scope. Under its provisions a fair opportunity will be afforded to test the effect upon the tendency toward industrial monopoly of its guarantees of no favors for the great producer as against the small one.

"Discretion is lodged in the president as to the publication of facts useful to be publicly known, and a wise administration law promises much that is helpful and nothing that is harmful.

"The law to expedite the hearing of cases and giving an appeal directly to the supreme court of first instance assures within a reasonable time authoritative decisions upon important pending questions regarding future legislation, if necessary, can be confidently framed.

"Upon the whole the situation is eminently satisfactory and is the result of concessions, modifications of views and forms of expression upon the part of many earnest and thoughtful men who have endeavored, within a very brief session, to meet a rational public demand in a rational and effective way."

BLOCKADE RAISED.

Populace Wild With Joy When Official News Was Received.

La Guayra, Venezuela, Feb. 16.—The blockade has been officially raised. The commander of the British cruiser Tribune, the only warship here, sent an officer ashore with the announcement that the Tribune would leave for Trinidad. The populace is wild with joy.

Vessels Sail For Venezuela.

Willemstad, Curacao, Feb. 16.—There is great rejoicing among all classes here at the end of the Venezuelan blockade. Many sailing vessels that are lying in this port with cargoes for Venezuelan ports have left. A number of steamers are loading for the same destination. A great amount of coffee is awaiting transportation from Venezuela to the United States. No one apparently is more glad at the raising of the blockade than those on board the blockading squadron.

In Memory of Maine Disaster.

Havana, Feb. 16.—Four hundred Americans observed the fifth anniversary of the destruction of the Maine, proceeding to where the Maine now lies with a flag draped with crepe and a wreath which was hung on the wreck as a tribute to those who lost their lives in the disaster. Representatives of the Cuban Veterans' association took part in the ceremony and brought the finest of floral offerings.

Race Question Raised.

Lexington, Ky., Feb. 16.—The race question broke out in an unexpected quarter at the State Y. M. C. A. convention here. The delegates were were posing to be photographed in a body when E. A. White, a delegate from Corbin, Ky., observing negroes in the group, stepped out and refused to have his picture taken with them. Ten others followed his example.

Harlan, Ky., Feb. 16.—William Brown, formerly of Tennessee, was convicted of the murder of Tip Farmer in the Harlan circuit court and sentenced to life imprisonment. He will ask for a new hearing.

CINCINNATI TOBACCO MARKET.

Big Increase in Offerings Compared With a Year Ago—Prices Satisfactory to Shippers—The Future Outlook.

	Week.	1903.	1902.	1903.	1902.
Offerings of new hds.	2,652	599	9,863	2,688	
Offerings of old hds.	519	1,233	3,599	4,855	

Total hds. 3,201 1,792 13,462 7,543
Rejections 574 881 2,150 1,551
Actual sales 2,627 1,411 11,312 5,992
Receipts 2,756 776 10,576 3,928
The 2,652 hds. new tobacco offered averaged \$7.41 per 100 lbs., as against \$7.32 for the 2,120 hds. offered last week, and \$6.90 for the 539 hds. in the corresponding week last year.

The market the past week has been an extremely active and lively one, notwithstanding some very adverse conditions, the chief of which was poor light on two of the sale days, which handicapped buyers in the way of doing justice to the samples.

A glance at the week's transactions will show that the market must have been an eminently satisfactory one to the shipping and warehouse interests, for the figures indicate that, as compared with the corresponding week of last year, the offerings of new tobaccos were nearly five times as large, the proportion of actual sales was nearly doubled, while receipts, notwithstanding a high stage of water in the Ohio, were over three times larger than the same week last year. The loss on river receipts, however, was largely offset and made up by the heavy shipments from Southern Kentucky, which have been diverted to this market through the conflict between the Home Warehouse Company, of Louisville, and the warehouse interests of that city.

An unusual large proportion of the offerings of new during the week were of the non-descript types, low grades of red and common trashes and lugs; 1,662 hds. out of the total of 2,652 hds. selling under \$8 per 100 lbs.

The market, however, for these sorts was strong, with spirited competition between the big buyers and independent manufacturers. Re-handlers were also a very prominent factor in the market, especially for good in moist condition. Strictly good colory was rather scarce, and everything of decided merit in this particular was eagerly sought out and quickly taken.

Red tips around \$6.25 and colory grades ranging from \$5.50 to \$7.25 were strong features of the sales. Frischmuth Bros., the big Philadelphia manufacturers, were on the "breaks" and heavy purchasers of short red fillers under \$7.

The offerings of good to fine cutting leaf and choice plug stock, reds and brights, ranging from \$10 to \$13, were the largest and most satisfactory of the year. Fancy leaf and selections were sparingly offered, a few very fine packages being scattered through the "breaks" and selling at prices ranging from \$15 to \$20.25 per 100 lbs. The latter figure is the highest price paid in this or any other market for new tobacco.

LIVE STOCK MARKET.

Review of the Cincinnati Trade the Past Week.

[Cincinnati Live Stock Review.]

The receipts of cattle were moderate, but fully ample for the demand with plenty hold-overs from day to day. Prices were steady until Wednesday, when the feeling became easier and butcher grades declined about 10c. per 100 lbs. Otherwise there was no particular change in the situation. Stockers and feeders are in good demand; milk cows quiet; bulls in fair demand and steady; calves about 25c. lower than a week ago.

The market for hogs was irregular—up one day and down another. They sold best on Tuesday, when top grades brought \$7.05; the supply was moderate and the demand fairly active; shippers took a smaller proportion than usual.

Receipts of sheep and lambs have been short of the usual demand, and in consequence there was considerable competition for what was offered, sending prices up 25c. for sheep and 50c. for lambs during the week. Shippers were practically out of the market.

JURY FAILED TO AGREE

Serious Altercations Between Jurors While Considering Case.

VENIRE DISCHARGED BY COURT.

Women Alleged to Have Caused Disagreement Between Jurors in Indiana Grave Robbing Case. Nearly Came to Blows.

Indianapolis, Feb. 16.—After being out 48 hours the jury in the grave-robbing case of Dr. J. C. Alexander failed to reach an agreement, and was discharged. On the final ballots the vote stood eight for acquittal and four for conviction. On the first ballot, taken Saturday morning, the vote was seven for acquittal and five for conviction. On the next ballot the vote stood 8 to 4. That was the ballot from that time until the jury was discharged, with the exception of one or two instances. The attorneys for the state have not decided what they will do. There were several serious altercations during the consideration of the evidence in the jury room, which came very nearly resulting in blows.

The principal disagreement was between Jurors James E. White and Robert F. Lingenfelter, and the cause of the personal feelings in the matter was a report of the wives of the jurors being permitted to visit them on Sunday, Feb. 7. On that day Bailiff Mendenhall permitted Mesdames Lingenfelter, White, Brown, Davis and Theising to visit their husbands and talk to them in the presence of the bailiff. During the course of the trial Mr. White acted as spokesman for the jury when it was necessary to communicate with the court. Mrs. White and Mrs. Lingenfelter had conversed concerning the trial before they saw their husbands, and when they went to visit the jurors Mrs. Lingenfelter, it is claimed, told her husband that Mrs. White had told her that Mr. White would be foreman of the jury and that he had been a warm personal friend of Prosecutor Ruckelshaus.

After the jury resumed deliberation of the case Mr. Lingenfelter accused Mr. White of having come into the case with his mind prejudiced against the defendant, and told of the conversation with his wife. Hot words ensued and the matter almost resulted in blows before the interference of others stopped it. This had a disquieting effect on Mr. White and later in the day, when he engaged in a heated argument with Jurors Brown and Theising, who were in favor of acquittal, he was attacked with heart failure.

The perplexing question in the minds of the jurors, they say, was whether Dr. Alexander had guilty knowledge of the fact that the body of Rose Neidlinger had been unlawfully taken from the grave.

Officials May Be Investigated.

Charleston, W. Va., Feb. 16.—It is now said a resolution to investigate the failure of local officials to serve warrants on Hanna and Winders will be offered in the assembly. After Mr. Caldwell was ejected from U.S. hack Captain J. B. White and Officer Spradling went to the private car occupied by Winders and Hanna, but found it locked. As Sheriff Jarrett was on the same train taking some prisoners to the penitentiary the matter of arrest was left to him when the train left, but it is charged that telegrams were sent that no arrests be made. It is alleged that Dan Hanna, son of Senator Hanna, and John H. Winders assaulted Caldwell, who is a member of the legislature of this state, and forcibly ejected him from a carriage, escaping to Ohio in a private car.

New Maine's First Assignment.

Philadelphia, Feb. 16.—The new battleship Maine, built to replace the warship of the same name which five years ago sank in the harbor of Havana as the result of a submarine explosion, left her dock at the League Island navy yard and anchored in mid-stream. She will proceed down the Delaware river on her first official assignment, that of joining the North Atlantic squadron. The Maine is commanded by Captain Loutze, and is manned by her full complement of 640 seamen and marines. Her armament consists of 20 guns.

Suspect Arrested and Identified.

Anaconda, Mon., Feb. 16.—The police have arrested Napoleon Savoy, who has been identified by Express Messenger Otis as the man who, last October, held up the Northern Pacific north coast limited at Bear Mouth, this state, and shot and killed Engineer O'Neill, who made a fight against the robber.

San Francisco, Feb. 16.—Seventeen letter carriers have been suspended from the San Francisco postoffice for alleged political activity during the November campaign.

FIGHTING SMALLPOX.

Our progressive little neighbor, the town of Aberdeen, with its accustomed enterprise has adopted the up-to-date method of suppressing smallpox. It is vaccinating the entire population. One physician alone (Dr. Laughlin) has vaccinated three hundred persons in the last two weeks. There is an "epidemic of vaccination," says the Gretna Green, but not a case of smallpox in the town.

The Frick Company in the Pennsylvania coke region makes a good second to our Buckeye neighbor. It has decided to vaccinate all its employees—30,000 persons—and has employed fifty doctors to do the work.

HARBESON-SLATTERY

Next Nominees For Circuit Judge and Commonwealth's Attorney.

Result of the Democratic Precinct Meetings Last Saturday in This Judicial District.

Democratic precinct meetings were held Saturday throughout this judicial district (the Nineteenth), and they resulted in a decisive victory for Hon. James P. Harbeson, of Flemingsburg, for Circuit Judge, and Mr. Thomas D. Slattery, of this city, for Commonwealth's Attorney.

Judge Harbeson carried every county in the district, and Mr. Slattery carried all of them except Greenup which instructs for Mr. W. T. Cole.

In this county Judge Harbeson carried all the precincts except Maysville No. 4, Helena and Lewisburg, and the latter is divided between him and Mr. O'Donnell.

The delegates selected Saturday will meet in county conventions Monday, Feb. 23rd, and select delegates to the district convention which will be held at Vanceburg, Feb. 25th.

Judge Harbeson is serving his second term, and his popularity is attested by the nomination for a third term which is assured him by Saturday's meetings. At the last election he ran ahead of his party ticket, and he will again be able to command many votes from the opposing party.

Mr. O'Donnell's friends regret, of course, that victory did not perch upon their leader's banner, but they feel that he was pitted against one of the most popular men of the district, and defeat under these circumstances should be no discouragement in future aspirations.

In Mr. Slattery the party is assured of a strong nominee for Commonwealth's Attorney. He is eminently well fitted in every way for this responsible position.

POULTRY RAISING

If You Expect to Succeed You Must Conduct the Business on Business Principles.

[Exchange.]

Poultry raising is a business and unless it is conducted upon business principles, it will not be apt to pay well. Wherever we find a neat, clean and orderly chicken house, where feed bins and troughs, water vessels, dust boxes and other necessary arrangements are found, contributing to the health of the fowls and the convenience of the stomach, it will be pretty certain that, if there is any money in raising fowls, this sort of an establishment will be apt to succeed, and it certainly has a great advantage over haphazard attendants and poorly equipped poultry buildings and yards.

Some Kansas fishermen tell about a dog they saw in the Ozarks of Mo. They threw a 50-cent piece in the stream and the dog dived after it, bringing up a four pound fish and 35 cents in change. Still the ordinary fish stories are thought to be lies.

United States is Singular.

[Washington Telegram to Chicago Inter-Ocean.] That the United States is singular and not plural was again confirmed to-day by the report of the Committee on Revision of the laws in the bill revising the Penal Code. Section 9, of chapter 2, says "The United States are," and the bill changes the law to read "The United States is."

Are You Interested?

There isn't a housewife within reach of Hunt's that hasn't reason to be interested in this linen sale, that is if she is an alert, wide-awake, watchful linen economist. We have linen from Ireland, Germany and France. Linens woven from good, clean, round threads that will wear into the next generation—just linens, pure linens, the best that can be had for the price—far better than most dealers offer—that's why we supply most of the linen wants of Maysville. Here is some linen news that has not yet had a hearing. There are so many good things at the linen counter, they must needs be mentioned briefly. However volumes couldn't tell the story—you must see the goods.

—Miss Georgie Harbeson, of Augusta, entertained Wednesday afternoon from 2 to 6 in honor of her sister, Mrs. James W. Fitzgerald, of this city, and Miss Belle Nixon, of Ironton.

The remains of the late Philip Hise were brought here last night from St. Louis, and the funeral takes place this afternoon at 3 o'clock at his home on Forest avenue, Rev. R. E. Moss officiating. Burial in Maysville Cemetery. A telegram Friday announced his death at St. Louis, but no particulars have been received. Mr. Hise was about fifty years old, and leaves three daughters and one son and one adopted son. His wife, who was a Miss Daulton, died a year or two ago.

A

Time-Tried Drug Store.

Only years can bring fulness of knowledge. Wisdom is always a product of experience—and experience is an important thing in the drug business.

Theory may imagine it knows,
But experience knows
It knows.

This store is thirty years old. It has served the community long and well. It is a full-grown drug store and its growth has been along progressive lines. Its trade is founded on confidence—a confidence that has grown with years because there has been this basis for it.

GET SAMPLES READY

And Make Arrangements to Attend Maysville's Big Tobacco and Corn Fair Next Saturday.

Only a few more days and then comes Maysville's big tobacco and corn fair. Next Saturday is the day, and indications point to one of the largest crowds ever in Maysville on a like occasion.

All who intend exhibiting either tobacco, corn, wheat or potatoes should get their samples ready, if they have not already done so.

The Board of Trade will meet to-night at 7 o'clock at Masonic Temple to complete final arrangements. All interested in the fair are invited to be present.

A decidedly light house greeted an exceptionally good company in the romantic love play, "When We Were Twenty-one," at Washington Opera House Saturday night. Maysville theatre-goers seem to hanker after the vaudeville class of amusement and often present the cold shoulder to attractions of the highest order. Give some people a brass band and a pair of buck and wing dancers and they are ready to swear the show was the best thing that ever happened. The title of the piece gives but a faint suggestion of the opportunities for fine acting afforded, and each member of the large company seems quite equal to every demand on his or her talents. It might be added that a noisier gallery never disgraced the local theatre, and indeed the hubbub was not confined entirely to the upper floors. The management seemed either indifferent or unable to cope with the situation.

The marriage of Miss Blanche Victoria Hudson to Elder Harvey Baker Smith will take place at Sulphur, Ky., next Wednesday.

Circuit Clerk Jesse Poage of Bracken County defeated Jay T. Watson in the precinct meetings Saturday and is certain of reelection.

Miss Chunn is particularly good in the balcony scene of "Romeo and Juliet." She will give it at the Episcopal Social Tuesday evening.

The Public Buildings bill reported to the House Saturday contains a clause increasing the cost of Maysville's building from \$40,000 to \$50,000.

Philip Schadle, of near Dover, has purchased the Chandler farm near Mayslick and will take possession next month. He has sold his farm near Dover.

Mrs. Amanda Mitchell, of Bourbon, who is suffering from a partial stroke of paralysis, is with her son, Constable John Mitchell, of Washington.

Mr. Charles T. Biggers, living near Dover, has sold and delivered his crop of 10,000 pounds of tobacco to the Continental Company's Augusta buyer, at 8 cents.

John Patterson, infant son of Mr. and Mrs. J. L. White, died this morning at 2:30 o'clock at the home of the family at Clark's Station. Funeral at 10:30 Tuesday morning. Burial in the Maysville Cemetery.

Tickets for entertainment for benefit of New Public Library at St. Charles Hotel Saturday, Feb. 14th, will be on sale at the stores of G. A. McCarthy, Clooney & Perrine, at both the hotels, and at the Bee Hive and Major Chenoweth's drug store. Prizes now on exhibition in the windows of both jewelry stores.

Last Saturday Rev. R. E. O'Bryne, of the Kentucky Children's Home Society, passed through Maysville with a bright little boy whom he placed in the home of a prominent farmer in an adjoining county. He also placed a handsome little boy in the home of a wealthy widow in this section of the State recently.

The rain that set in Saturday evening proved one of the heaviest in several months. It continued, with but little if any intermission, until late last night when it turned to sleet, the fall ceasing this morning. The total precipitation amounted to 2.52 inches. If the storm extended to headwaters, the Ohio will be at flood stage in a few days.

If you want to purchase the purest and best goods on earth go to G. W. Rogers & Co., 127 Market street, where you will find old Bourbon and rye whisky, apple and peach brandy, California brandy, malt gin, California port, sherry and Maderia, K. I. sweet Catawba and dry Catawba wines &c. We guarantee all of our goods to be strictly pure.

The organ box opening and musical at the Christian Church last Friday evening netted something over \$100 for the organ fund. All the boxes have not yet been returned. This makes nearly \$500 the ladies who have charge of the fund have raised the past year. Following the box opening Friday evening a number of vocal selections were rendered by Miss Hannan, the Misses Stiles, Dr. Smoot, Rev. R. E. Moss and Messrs. Boyd Muse and Elgin Smoot. Miss Hannan is the guest of her sisters, Mrs. E. L. Worthington and Mrs. C. M. Phister, and will sing at the social at the Episcopal Church to-morrow evening.

H. C. Robertson, the star alibi witness for Jim Howard, has apparently gone for good. He was under bond of \$500 on the charge of false swearing in the Franklin Circuit Court. This bond was forfeited at the term last fall, and Robertson's bondsmen, N. I. McDaniel, a Frankfort business man, has paid over the amount.

Suit has been brought at Louisville to force a distribution of \$700,000 among the policy holders of the Sun Life Insurance Company. The plaintiff alleges that the stockholders divided \$700,000 of reserve which rightfully belonged to the policy holders. She names the leading stockholders as defendants and calls upon them to disclose the names of all the stockholders and the amounts of their respective holdings. She prays that all the said reserve fund of \$700,000 be collected and paid out to the people who held policies on December 9, 1902.

A Thrilling War Drama.

"Winchester," the new melodrama, comes to the Washington Opera House next Wednesday, February 18th. It is a new war play with scenes in the Shenandoah Valley, and, like most plays of its kind, has to do with the love of a Southern girl for a Northern officer, who always arrives just in time, in spite of her great devotion to the South, to save her lover from calamity or death. In "Winchester" there are many thrilling scenes, one where the heroine saves her lover, coming on horseback with the pardon just a second before he is to be shot. But to do this she makes a most perilous leap on her jumping horse, "Mazeppa." As a war play, "Winchester" will give the best satisfaction. It is guaranteed to be the best war play ever seen in Maysville. Seats go on sale Tuesday morning at Geo. Frank & Co.'s.

General Basil W. Duke.

[Lexington Democrat.]

Gen. Basil W. Duke, of Louisville, in an address before the University of Virginia alumni in Washington, defended the negro policy of President Roosevelt and paid a high tribute generally to the Chief Executive. As the negro policy of Mr. Roosevelt seems to include social equality, we are surprised that it should be endorsed by a Confederate soldier, raised in the South. But when a Democrat turns Republican, he seems to out-Herod Herod in his effort to prove the sincerity of this attachment to his new found friends.

The Merchants' Gift Library contest resulted in a victory for the Y. M. C. A., that institution being awarded the books by a majority of 35,534 over the Red Men. The vote between these stood:
